OILBREAK ENVIRO

Advanced Biodegradable Oil Spill Treatment for Environmental Remediation & Hydrocarbon Recovery

DESCRIPTION & APPLICATIONS:

OILBREAK ENVIRO is a premium biodegradable oil spill treatment designed to accelerate the dispersion and natural biodegradation of petroleum contamination in marine, coastal and industrial environments. The specialized formulation rapidly penetrates oil films, reduces surface tension and breaks hydrocarbons into fine droplets, improving natural remediation efficiency.
Suitable for crude oil, diesel, fuel oil and lubricant spills, OILBREAK ENVIRO provides an effective and environmentally responsible response solution for ports, harbors, shipyards, offshore facilities and other environmentally sensitive locations. The ready-to-use liquid formulation allows rapid application using standard spraying equipment during emergency spill response operations.
This version keeps all the important technical selling points but cuts the text by almost 50%.

FEATURES & BENEFITS:

- Rapidly disperses hydrocarbon spills and enhances natural biodegradation.
- Effective on crude oil, diesel, fuel oils and lubricants.
- Minimizes environmental impact and supports remediation efforts.
- Reduces shoreline contamination and surface oil accumulation.
- Ready-to-use, biodegradable formulation requiring no dilution.
- Suitable for marine, offshore and industrial spill response applications.
- Easy application using standard spraying equipment.
- Cost-effective solution for emergency environmental protection programs.

RECOMMENDED DOSAGE:

Spill Type	Application Rate
Light Sheen	1 Part Product : 5 Parts Oil
Light Oil Spill	1 Part Product : 3-5 Parts Oil
Medium Oil Spill	1 Part Product : 2-3 Parts Oil
Heavy Oil Spill	1 Part Product : 1-2 Parts Oil

TYPICAL PROPERTIES:

Property	Typical Value
Appearance	Clear Liquid
Colour	Light Amber
Odour	Mild
Base Type	Biodegradable Water-Based System
Specific Gravity @ 25°C	0.98 - 1.05
Solubility	Completely Miscible in Water
Flash Point	Non-Flammable
Biodegradability	Readily Biodegradable

APPLICATIONS:

OILBREAK ENVIRO is recommended for:

Marine Spill Response

Crude oil spills. Diesel spills. Bunker fuel spills. Lubricating oil spills. Fuel transfer incidents, Offshore platforms. Marine terminals

Environmental Remediation

Shoreline cleanup. Beach remediation. Harbor pollution control. Marina cleanup programs. Coastal protection operations. Environmental restoration projects

DIRECTIONS FOR USE

Apply OILBREAK ENVIRO directly onto the oil-contaminated area using suitable spraying equipment. Ensure uniform coverage of the oil slick and provide adequate agitation through natural wave action, propeller wash, water jets or mechanical means to promote dispersion. For large spills, vessel-mounted or boom-mounted spray systems may be used as part of an organized spill response programme.

STORAGE & HANDLING:

Store in original tightly closed containers in a cool, dry and well-ventilated area away from direct sunlight and extreme temperatures. Protect from freezing.

SHELF LIFE

24 Months from date of manufacture when stored under recommended storage conditions.

STANDARD PACKING

- 25 L HDPE Cans
- 200 L HDPE Drums
