

Engine Room & Deck Cleaning.

OILBREAK SB

Advanced Solvent-Based Hydrocarbon Remediation & Heavy Oil Cleaning Treatment

DESCRIPTION & APPLICATIONS:

A high-performance solvent-based oil spill dispersant and hydrocarbon cleaner formulated for rapid spill response and the removal of heavy oil contamination. The advanced formulation penetrates, disperses and breaks down petroleum-based pollutants, improving cleanup efficiency and supporting hydrocarbon degradation. Effective on crude oil, diesel, fuel oils, lubricants, bunker fuels and other hydrocarbon residues, OILBREAK SB is suitable for spill response, tank cleaning and industrial maintenance applications. The ready-to-use formulation delivers fast action on water surfaces, tanks, decks and contaminated equipment, making it ideal for marine, offshore and petroleum industry operations.

FEATURES & BENEFITS:

- Rapidly disperses oil spills and hydrocarbon contamination.
- Effective on crude oil, diesel, fuel oils, lubricants and bunker fuels.
- Powerful cleaning action for heavy hydrocarbon residues and deposits.
- Suitable for spill response, tank cleaning and maintenance operations.
- Ready-to-use formulation requiring no dilution for spill treatment.
- Reduces cleaning time and labor requirements.
- Suitable for marine, offshore and industrial environments.
- Cost-effective solution for hydrocarbon contamination control.

DIRECTIONS FOR USE:

Apply OILBREAK SB directly to the contaminated surface or oil slick using suitable spraying equipment. For spill response, ensure adequate agitation through wave action, water jets or mechanical means to promote effective dispersion. For cleaning applications, allow sufficient contact time before rinsing or recirculating the cleaning solution.

PS ID: 14754 TN-315946

APPLICATIONS:

OILBREAK SB is recommended for:

Oil Spill Response

- Marine oil spills. Bunker fuel spills. Fuel transfer incidents. Offshore installations. Harbor and port contamination

Hydrocarbon Cleaning

- Deck cleaning. Machinery spaces. Loading and unloading areas. Industrial hard surfaces. Shoreline cleanup

Tank Cleaning

- Cargo tanks. Crude oil tanks. Bunker tanks. Storage tanks. Process vessels

RECOMMENDID APPLICATION GUIDE:

Application	Recommended Concentration
Light Contamination	4% Solution
Medium Contamination	6% Solution
Heavy Contamination	8 - 10% Solution
Spot Cleaning	Neat Product

TYPICAL PROPERTIES:

Property	Typical Value
Appearance	Clear Liquid
Colour	Amber
Odour	Characteristic
Specific Gravity @	0.80 - 0.95
Solubility	Dispersible in Water
Flash Point	> 61°C
Application Type	Ready-to-Use

Use cleaning temperatures up to 50°C where practical to enhance cleaning performance.

STORAGE AND HANDLING:

Store in tightly closed original containers in a cool, dry, and well-ventilated area away from direct sunlight and excessive heat.

STANDARD PACKING:

- 25 L Steel Drums
- 200 L Steel Drums

SHELF LIFE:

24 Months from date of manufacture when stored under recommended conditions.
